SCHOOLS TO OPEN FIRST OF OCTOBER

No Striking Change in the Yellow Fever Situation.

NEW ORLEANS EDITOR TALKS

He Declares that the Reports Sent Out from His City Have Been Greatly Colored—Quarantine Regulations Getting Better.

New Orleans, Sept. 23.—The weather continued to be fair here today.

There was no striking chainge in the fever situation. Reports of new cases come principally from old foci. The federal authorities continue to be optimistic, and believe that the fever will be practically whipped out before President Roosevelt arrives in the city.

Three negro universities are operated here—the Leland, the Straight and the New Orleans. Many of the members of the faculties are from the east and are now absent. Vice President Burks, of the Leland, received a letter today from President Perkins, who is in Boston, saying that it had been decided to postpone the opening of the three of the universities until November 1st.

Fumigators will be unusually busy next week. Oct. 1 is moving day, and many changes of residence will occur during the week, and the authorities are trying to secure the disinfection of as many houses as possible.

Schools to Open October 2.

Believing after a conferences with Dr. White that the fever situation is under control, President Wilson will recommend to the school board to-night that the public schools be opened on Oct. 2.

Each school is to be thoroughly disinfected at the end of each week. The school in the heart of the originally infected area will remain closed for a month perhaps.

The state health board officials, surveying the situation, believe that the fever is being overcome in the state and that while there will probably be cases for some time to come, there is no danger of a further serious extension of the plague.

For several days no new cases were reported at Leeville, where there are only 12 persons under treatment, some of the cases not being yellow fever.

The cam.. on Bayou Barataria are reported to be entirely free of fever.

For many weeks one of the worst districts in the state lay along the Mississippi valley road, for a distance of about 40 miles from the city. Due to the liberal use of money and the strenuous exertion of the planters, the sickness in this section has been reduced to a handful of cases.

With one exception, during the past three days all the new cases at Tallulah are of negroes, and the situation there is very greatly improved in the Natchitoches parish, where the disease was not for a long time recognized, and it is now announced that there have been a total of ten case sand four deaths.

In the town of Natchitoches, health officer, Mr. Hargrove, has been stricken with serious fever. He has been active among the cases at Bayou Natchez.

All the cases at Donaldsonville have been discharged as cured, and at Port Barrow, near there, no new cases are reported. Several are under treatment in the Emergency hospital.

Quarantine Situation Better.

The quarantine situation is improving. Local shippers have been notified that dry goods and other freight will be received at all points in Louisiana on the Kansas City Southern via Lake Charles, and the Louisiana Railway and Navigation company anounces that quarantines have been raised against dry goods along its route in Avoyelle Rapides, Winn and Natchitoches parishes, and the Arkansas Southern will take freight from all points in Louisiana. There is also an improvement in the boat traffic, many boats along the rivers and bayous now approaching their willingness to

Reports Have Been Colored.

New York, Sept. 23.—In an interview Thomas G. Rapier, manager of the New Orleans Picayune, who is in this city for a few days, said yesterday that the reports regarding yellow fever in New Orleans have been slightly colored, many of them being the work of irresponsible correspondents.

"The stories about great panics among the people of the city, flight of thousands, amounting to almost depopulation; complete stagnation of business; extreme filthiness of the streets and the concealment of the existence of yellow fever, are grossly exaggerated," he said. "While such ridiculous tales as the burial of dead at night, yellow fever flags on every square, stoppage of street car service and the and the discovery of a cow stabled in the sleeping and living apartment of a large family on the third floor, are absolutely without the slightest foundation in fact.

"Business has been hurt, of course, but not to the great extent that is supposed. The retail business has suffered from absence of more people than usual, and the great economy of those who remain who have postponed purchases, waiting to be assured that the fever could not develop into a serious epidemic. Wholesale trade is crippled because drummers cannot travel, and also because some country dealers utilized existing conditions to sell out old stocks. Nevertheless, wholesale grocers and merchants in some other lines are doing fully as well as last year, and shipping to nearly all points tributary to New Orleans."

New Cases at Pensacola.

Mobile, Ala., Sept. 23.—A special to the Item from Pensacola, Fla., says:

One death resulted this morning from yellow fever, this being the tenth fatal case since the fever was reported in Pensacola. The deceased was J. L. Williams, who had been sick of lung trouble some months, but whose illness terminated, as the doctors reported this morning, of yellow fever. Williams resided at 416 East Main street. There is another case in the same house..

The six new cases made in the morning report were the same as reported last night, although not officially bulletined until this morning.

The city council held a meeting this afternoon and passed an ordinance regulating the fumigation feature of health matters. This is on account of opposition by citizens last night relative to the fumigation of the residences where no fever existed.

Solitary Peace Jubilee.

Tokio, Sept. 22.—12:30 p. m.—A solitary instance of public rejoicing at the conclusion of peace with Russia will take place at a meeting to be held today at Kotaka, a town in the remote northeast corner of the main island of Nippon. Several industrial associations will be represented on the occasion, among which will be prominent Habutai producers. Messages of congratulations will be forwarded by those present at the meeting to the emperor of Japan, to Field Marshal Oyama, Vice Admiral Togo and to President Roosevelt.

South Carolinan Granted Bail.

Newberry, S. C., Sept. 23.—Bail in the sum of $3,000 has been granted Senator Eugene S. Blease, by Associate Justice Gary. The hearing was had in Abbeville. Messrs. G. C. Wheeler, J. B. Davis and J. F. Rutherford signed the bond immediately and Mr. Blease was released from jail. Senator Blease shot and killed Mr. Joe Ben Coleman, a prominent citizent of Caluda, about a week ago, the alleged cause of the tragedy being undue intimacy between Coleman and Mrs. Blease.

Coalition Leaders See King.

Budapest, Hungary, Sept. 22.—The audience which the coalition leaders will have of the king-emperor tomorrow, is regarded most hopefully, and there is widespread expectation that the compromise proposals which will be submitted by Count Julius and Rassick, Franz Koscuia, Baron Banffy and Count Ricky, will lead to a settlement enabling the formulation of a ministry and the restoration of administrative order.

VICE-PRESIDENT OF COMPANY ON STAND

Investigation of Life Insurance Companies Goes On.

"NYLIC ACCOUNT" WAS TAKEN UP

The Records of the Bonus Paid Agents Explained to Committee—Hamilton Makes Denial in Regard to the $100,000 Check.

New York, Sept. 23.—Upon the assembling of the legislativr committee which is investigating the life insurance business Thomas A. Buckner, vice president of the New York Life Insurance company, who has charge of that company's agencies, and who was unable to answer a number of questions yesterday without looking up records, was called to the stand. The matter of the "nylic accounts" was taken up. They included records of a system of bonus paid to agents. Nylic, he said, was a body of men drawn from the ranks of agents who create business for his company. It is divided into five classes: Freshmen, first, second and third degree, and senior nylics. The freshmen have a written contract with the company and must produce business paying not less than $5,000 on premiums and give their entire time for five years. They are paid no salary, but qualify for a higher degree. If there was default of qualifications, they are dropped and had to recommence at the beginning. They received 50 cents a thousand per month for all business written by them. The first degree nylic must produce business paying not less than $25,000 in premiums a year for five years to become a second degree nylic.

The second degree nylic received $1 a month per thousand. If an agent secures premiums of $25,000 a year he becomes a third degree nylic. This degree lasts five years. Its members receive $1.50 per month per thousand and must also maintain the $25,000 total of premiums. At the expiration of five years he becomes a senior and receives 75 cents per month per thousand on new business over the average of insurance written during the previous twenty years. He need not give his entire time, but must not write for any other company.

When this system was devised it became retroactive, and all the agents went into these grade according to their terms of service, and amount of business written. None of these had served sufficient time to become senior nylics, and at present the company has but three seniors.

Mr. Buckner said that what moneys agents got from the nylic was in addition to the regular agents' commission. Witness stated that the cost of nylic today is one per cent of the renewal premiums. Mr. Buckner said this system was invaluable in holding their agents in a solidarity.

Hamilton's Statement.

New York, Sept. 23.—The Evening World today received a cable dispatch from Andrew Hamilton, of Albany, who is in France, to the effect that the $100,000 received by him from the New York Life Insurance company in March 1904, was not used for influencing state legislation. Mr. Hamilton reached Biar Ritz yesterday after completing an automobile tour through the south of France. He was met at Biar Ritz by a telegraphic inquiry from the World relative to the $100,000 check made out to him by the New York Life Insurance company in March, 1904, to which he replied by wire as follows:

"You can deny for me that the check for $100,000 to me from the New York Life in March, 1904, was as asserted in New York, for the purposes of influencing state legislation or that it was so used."

Steamer Reports Collision.

New York, Sept. 23.—The steamer which arrived here today from Rotterdam reported that the German tank steamer Phoebus, which she passed yesterday, signalled that she had been in a collision with an unknown steamer. It is probable that it was the Phoebus that collided with the Cornwall, wharved here yesterday, and whose captain reported tha the believed he nad been in collision with an Atlantic liner in a fog near Montauk Point on Wednesday night. The Phoebus was bound from New York for Flushing, Holland.

TAGGART DENIES STATEMENT.

Says Democrats Did Not Seek Money from Mr. McCall.

New York, Sept. 23.—Chairman Taggart, of the Democrtaic national committee, arrived in New York from Indianapolis. He denied the statement made by President McCall, of the New York Life, before the legislative insurance committee on Wednesday that the Democratic national committee had solicited money for the campaign funds from the concern.

"No member of the national committee or any agent of the committee ever asked Mr. McCall, of the New York Life, for a dollar," he said.

Mr. Taggart added:

"Neither the Democratic national committee nor any authorized representative of the committee ever asked a dollar's contribution from any other insurance company."

He said he did not come to New York to testify before the insurance investigation committee. It was also stated that Chairman Taggart had not been asked to testify.

Preferred Death to Dishonor.

Minneapolis, Minn., Sept. 23.—Pedestrians crossing Central avenue bridge were astonished to see a young woman walk from the east side bank into the Mississippi river and wade into the water until it was about up to her chin, then lean forward and disappear. Although efforts were made to prevent her from drowning, the current washed her body away. The girl was Miss Ella Kent. She had been arrested on a charge of stealing from a department store, and though the evidence against her was meager, the disgrace attached to an appearance in police court was more than she could stand. The case had been continued until today. Instead of going to court, she committed suicide. She had always borne a good reputation.

Company Admits Insolvency.

Richmond, Sept. 23.—Admitting insolvency and practically without assets, the Jefferson Fire and Marine Insurance company, of this city was placed in the hands of a receiver by Judge Ingram, of the law and equity court. The end of the company was precipitated, it is said, by a judgment obtained in Judge Ingram's court by the Arkansas Democrat company, of Little Rock, Ark., a publishing concern, which holds a $2,500 policy in the company and which is to collect a fire loss claim of $1,500. The receiver named by Judge Ingram is Roscoe C. Nelson, who will give bond in the sum of $5,000.

Atlanta Firm Signs Agreement.

Atlanta, Sept. 23.—After a conference between the officers of the Atlanta Typographical union and the officers of the Franklin Publishing company, an agreement was entered into Tuesday concerning the eight-hour day dissension which was the cause of the printers in a number of the job offices going out on a strike Wednesday. The 47 printers who left their work in the Franklin Publishing company establishment Wednesday will return to work today, as the Franklin company has agreed to grant the eight-hour day request of their employes commencing Jan. 1, 1906.

Course of Railway Education.

Chicago, Sept. 23.—Co-operation between the university of Chicago and a number of railroad officials has resulted in the establishment of a four-year course of railway education. An Advisory board composed mostly of railroad men, has been established withH. W. Mc Keuna, assistant to President Earling, of the Chicago, Milwaukee and St. Paul, as chairman. Among those who form this board are J. T. Harahan and N. Krutchnbit. It will take four years to complete the course, and all branches of railroading will be covered.

EARTHQUAKE KILLED OVER FIVE HUNDRED

Recent Shocks in Italy Caused Great Damage.

OVER 2,000 PERSONS ARE INJURED

Official Report Shows that 212 Towns and Villages Suffered Great Losses of Life and Property—Six Drowned in Cloudburst.

New York, Sept. 23.—Earthquake shocks occurred yesterday in Calabria, says a Rome dispatch. A man and two women were killed at Jelio and many houses fell, and 12 persons were injured at Bruzio. A church fell and there was further damage at Cozenza, Catanzaro and Monteleone.

There was a cloudburst at Bari, the wind capsizing a sailing vessel in the harbor and six persons who were on the boat were drowned.

At Partici, near Naples, there was another cloudburst, and the floods of water brought into the town many large blocks of lava from Vesuvius. The street car service was interrupted. General Lamberti has made an official list of the damage by the earthquake. He finds that 212 towns and villages suffered great losses. The dead number 589, and the injured 2,0[illegible]

FIREMEN INJURED ON DUTY.

Fire in West Virginia Town Destroys $200,000 Worth of Property.

Charleston, W. Va., Sept. 23.—A loss of $200,000 and serious injuries to a number of firemen resulted from a fire early today near the business center of this city.

The fire started in the candy department on the fourth floor of the six story building occupied by Eskew Smith & Cannon, just back of the business center and completely destroyed that building and stock, also the adjoining building of Coyle & Richardson, occupied by the Charleston Natural Gas Supply company, the Banner Typewriter agency and the Christian Science hall.

Assistant Fire Chief Debaugh had his side and back badly wrenched by a falling wall; Fireman George Tolly, head cut, back wrenched, badly burned. Gay Brown, a negro volunteer, was hurt on the head and had his arm wrenched; also badly burned. H. A. Drew, a ball player, also a volunteer was badly burned and bruised. One unknown negro was slightly hurt.

HELD 1,000 PERSONS AT BAY.

Boy Fatally Shoots Man and Narrowly Escapes Lynching.

New York, Sept. 23.—John Reid, 17 years old, fatally shot one man and holding at bay a crowd of 1,000 persons, and when captured by a policeman, narrowly escaped being set upon by a mob, which clamored for his life at an amusement park last night.

When the boy, who, the police say, had been drinking, attempted to enter the park, the employes refused to admit him. Drawing a revolver he aimed at them and every one got out of range.

The crowd decided to disarm the lad, when he leveled his pistol and fired.

The bullet struck John Wilkinson in the groin. He was taken to a hospital, where it was said he probably would die from the wound.

Policeman Fay arrested the boy. As the policeman started for the station the crowd made a determined attempt to get at the prisoner, and Fay was compelled to beat several persons to save his prisoner from their clutches.

Acquitted of Embezzlement.

San Francisco, Sept. 23.—Julio Uriburi, of Buenos Ayres, was acquitted of the charge of embezzlement last night. Uriburi was formerly the friend and financial secretary of Signora Louisa Tettrazini, the singer, and a few months ago the prima donna caused his arrest, alleging that he had failed to send to Europe about $30,000 francs she had given him to forward to Italy.

Admitting for argument's sake ...at there are no political partisans ...vocating municipal ownership in ...ainesville, then comes another series ... quotations from this article which ...st be seriously considered: "These ... the real questions: Can a city op...ate the utility industries and *save* ...ney to the people *individually* and ... the *municipal corporation?* Has it *right* to engage in business in com...etition with its citizens, or to their ...clusion as individuals or as a cor...ration?" Now to these I wish to add ... myself what I consider a most im...rtant query and one which may have ...ry strong legal bearing in this mat... of bond issue.

Taking up the single matter of ...unicipal ownership of electric light ...d gas plants, which is of interest to ...ainesville people right now, Charles ... Yerkes, one of the great financiers ... the day, says that "Chicago claims ... produce electric arc lamps at about ...0 per arc per year, with her municipal plant, but this is far from the ...tual cost, as no allowance has ever ...en made for services rendered the plant by other city departments, such as the purchasing department, the legal department, the water rent, which will amount to about $8 per year on each lamp, no charge is made for additions to the street wiring, the work done by the street department, no charge for insurance, the loss in taxation (a big source of revenue) or the rent paid by the city for property or its equivalent in interest on money used in purchasing property. Expert accountants who audited the books of the city of Chicago reported that if all charges were properly made against the lighting department, the cost to the city was $165.82 per arc light per year, and not $62.09, as was claimed." Presented in such a plain manner, it is a self-evident fact that Chicago is paying dearly for the privilege of owning her own electric plant. But Chicago is a large city, a long ways off, and noted for mismanagement and graft in all departments; it would, therefore, be more to the point if we look into the actual state of affairs nearer home, and for this purpose take the Jacksonville electric plant, which is owned by that city.

By referring to the published annual reports of the board of trustees for the years 1901-2-3 and 4, we find the following showing:

Cost of original plant in 1895 was	$ 76,675 99
Extensions and improvements to December 31, '04, amounts to	248,944 40
Making the plant cost the city up to that time	$325,620 39
Receipts for the year 1901	$ 79,362 46
" " " 1902	110,348 49
" " " 1903	136,798 19
" " " 1904	157,041 74
Total receipts for the four years	$483,550 88

The scheduled expenses for the same period of four years shows:

Total operating expenses for the year 1901	$ 47,788 43
Total expenses for extensions and improvements	39,637 41
Total operating expenses for the year 1902	56,587 22
Total expenses for extensions and improvements	35,577 44
Total operating expenses for the year 1903	62,791 53
Total expenses for extensions and improvements	37,281 06
Total operating expenses for the year 1904	77,125 61
Total expenses for extensions and improvements	59,615 54
Total scheduled expenses for the four years	$416,404 24

These figures show a balance in favor of the plant for the four years of $67,146 64, which to the casual observer would lead him to think there was good money in municipal ownership, but they are misleading in the extreme, for these expenses do not include interest on investment of plant, which is $325,620.39 at 5 per cent for four years which would be $65,124. After deducting this from their $67,146 64, it would leave a balance of $2,012 64, from which four years' taxes, water rents, the rent for that time which the city would have to pay or its equivalent in purchase money, depreciation of plant, which is figured by expert accountants to be 25 per cent of total valuation of plant per annum, or work, which no doubt is done for them by street, purchasing and legal departments of the city. After these proper charges and deductions are made, the sixty-seven thousand dollars would be worse than a nickel's worth of ice out in the midday sun of August. Looking still further into the reports of the Jacksonville plant, we find that on January 1, 1905, there was a cash balance on hand of $14,516.21. During the first quarter of the year, including the months of January, February and March, the receipts for services were $41,785 50, and from other sources including the deposits of customers, which should not appear at all, $4,025, making a total of $46,010 50, and the vouchers show expenditures of $48,499 43. For the second quarter, or the months of April, May and June, starting with a cash balance of $12,027.26, the receipts for service were $50,845 63, with voucher expenditures of $62,110.58, leaving a cash balance from what was on hand the first of the year of $2,037.83, and from this has to be deducted $1,285.50 due customers on deposits made on meters [illegible] returnable on demand when they choose to cut out the service.

Should this ratio of expenditures continue the balance of the current year, there will be a balance on the wrong side of the ledger, for even admitting the fact that the receipts will be heavier during the winter months, there has already been a demand made upon the city for $30,000 additional for improvements. These figures do not show very favorably for the municipal ownership of a plant in Gainesville, where the consumption is so much less and the expenditures are as great in proportion, and it would be well for the tax-payers to ponder over them.

Our City Council has passed an ordinance looking toward the issuing of $115,000 bonded indebtedness, subject to the approval of the people's vote. This ordinance includes sewerage, improvement of streets, electric light plant, and a city hospital, all to be passed upon at the one time and vote.

The sewerage is undoubtedly a crying necessity for the welfare of the city, and the amount specified for street improvements is none too large, and should be granted, but the expenditure of $50,000 simply to gratify the whim of a few, who imagine that a municipal electric plant would pay an enormous per centage upon the investment, without having given the matter proper investigation, is a costly request to make of our tax-payers. Would it not be far better to change this ordinance so that the various utilities could be voted upon separately?

Then there is another serious feature of this bond issue to be considered. As I understand it, there will be $40,000 of the old waterworks bond issue due in fifteen years. At the same time there will fall due $35,000 of the educational bond issue, and if the present call for bonds is carried by the votes of the people there will be another $35,000 falling due at the same time, making a total due and payable at one time, fifteen years from now, of $110,000. Now we know that the revenue of the city is hardly sufficient to meet the running expenses, so the question (in capital letters) is, how are we to raise this amount? Why, by taxation of the property owners, and by no other way. It has been argued that the taxes cannot exceed a certain number of mills, which is correct, but that does not interfere or prevent the raising of the assessments on all property to such an extent that interest and bonds will be provided for even if it results in compelling the man with a small home to sell and rent.

DEAL CLOSED FOR SUCCESS ICE PLANT

It Was Purchased by H. F. Watts. Will Install New Machinery.

IT WILL BE A MODERN PLANT

A Ten-Ton Can Plant Will Take the Place of the Experiment Which Has Caused More Than One Man to Pull His Hair—Will Soon be Ready.

Announcement was made a few days ago of a rumor that H. F. Watts had purchased the building, plant, etc., of the Success Ice Company, located on West Main street S, at the junction of the Seaboard and Atlantic Coast Line railways. This rumor was confirmed Saturday by Mr. Watts, who has been figuring on the purchase for some time. The papers were properly signed and transferred Friday, and Mr. Watts is now in possession of the property.

As is well known, the Success Ice Company proved anything but the name it suggests. The plant, being of a peculiar type, proved nothing but a continued round of experiments, having passed into several hands within the three years of its existence. Mr. Watts, however, proposes to install a new ten-ton can plant in place of the compressed machine which has been used, and expects within from thirty days to six weeks to have the plant in first-class running order. Extensive improvements and alterations will be made in the building and the Gainesville Ice Company, which will be the style of the new concern, will own and operate one of the most up-to-date ice manufacturing plants in the State.

NEWS OF CITY AND COUNTY CONDENSED

W. F. Langford of Newberry was a visitor to the county capital yesterday.

J. H. Manners has returned from points in South Florida, where he has been on business.

L. J. Clyatt, one of the efficient clerks in the United States land office, is visiting relatives in Ocala for a few days.

Miss Sarah Prather of Danville, Ky., has arrived in the city. She will spend some time as the guest of Col. and Mrs. J. O. Andrews.

Dr. J. Harrison Hodges, who has been absent for a few days on his annual vacation, is expected to arrive in the city at noon today.

C. N. Sutton of Paradise and W. F. Sheppard of Warren's Cave were in the city yesterday. Both gentlemen made The Sun an agreeable call.

A. F. Torlay of Melrose was in the city yesterday. He brought to market a number of fine chickens, which were disposed of readily at fair prices.

Rev. L. D. Geiger of Apopka was in the city Friday. He is one of the most widely known Baptist divines in the State and has many friends here.

J. A. Phifer of the firm of Phifer Bros., New York Racket, has returned from New York, where he went to purchase goods for the fall and winter trade. Mr. Phifer states that he bought a large and up-to-date line, which is expected in a few days.

W. G. Richardson, organizer for the National Union Life Assurance Company of Georgia, returned yesterday from High Springs and Alachua, where he had been in the interest of his association. He established agencies at both points.

Those desiring the very best in the way of engraved visiting cards, business stationery, or wedding invitations, are invited to call at The Sun office and examine samples. We are agents for the best house in the country for this line of work.

Tapley Tillis of Greer is in the city, a guest of his daughter, Mrs. Moses Malphurs. Mr. Tillis formerly resided in Gainesville, and has many friends in this section. He has not visited this city for four years, and expressed surprise at its rapid growth.

Elder Joe Sherouse, formerly pastor of the Advent Christian Church in this city, but now of Jacksonville, arrived yesterday and as noted under the caption of church notices, will occupy the pulpit at that church this morning and evening. Elder Sherouse has many friends here who are glad to greet him again.

OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted Catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I was in need of and I began its use at once. My health was dreadful, and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for a while I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine.
Fordyce, Ark. L. S. LOCKRIDGE.

Rheumatic pains, sleepless nights, fickle appetites, etc., are not imaginary with old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

This accounts for the great success he has made of the business here. As a special inducement this enterprising merchant has continued the 49 cents silk sale for another week.

AMONG GOD'S PEOPLE.

Services Will be Held at All Churches Today—Union Service Today.

Services will be observed at the various places of worship this Sabbath as follows:

First Presbyterian Church, Rev. Thos. Park Hay—Preaching at 10:30 a. m. Sabbath school at 4 p. m. No evening service.

Kavanaugh Methodist Church, Rev. T. J. Nixon.—Sunday school at 9:30 a. m. Preaching at 10:30 a. m. Subject, "The Golden Rule, and How to Keep It." Meeting of Junior League at 3 o'clock, and Senior League at 4 o'clock p. m., the Senior League being led by W. M. Pepper. No evening service, account union service at the Baptist church.

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30 a. m. Preaching at 10:30. Subject, "A Thirst for Life." Meeting of Sunbeams at 3 o'clock, Juniors at 4. Union service in the evening, at which Rev. Francis H. Craighill of Holy Trinity Church will preach. This will be the last union service of the season.

Advent Christian Church—Elder Joseph Sherouse of Jacksonville will fill the pulpit morning and evening, at the usual hours. Elder Sherouse was at one time pastor of this church. He is an eloquent and forceful speaker, and will no doubt be greeted by good congregations. A marriage ceremony will be performed by Elder Sherouse at the evening service.

The usual services will be held at Holy Trinity Episcopal and St. Patrick's Catholic churches.

An Enjoyable Affair.

Upon the occasion of the return of Mrs. S. B. Rogers and children from Tallahassee, where they have been visiting relatives for the past few weeks, the congregation and friends of the First Baptist Church, of which Mr. Rogers is pastor, assembled at the parsonage Friday evening. Every visitor brought a token of remembrance in the form of something nice to eat, with the result that the pantry was well supplied with an abundance of good things in that line. The evening was passed in a most enjoyable manner, and all who attended report a most delightful time.

POUND IS PROSPEROUS.

Officers Pinkoson and Bruton Have Kept Busy for Past Two Days.

After a lull which threatened to put it out of business, the Gainesville pound is again coming into prominence as a paying proposition. The cows and hogs were kept up for a while, but recently they took possession of the streets, with the result that they have forced their way into yards and destroyed flowers, vegetables, etc.

Marshal Pinkoson and Officer Bruton have been quite busy for the past two days arresting and placing in the pound these animal offenders of the law. They have succeeded in landing nineteen cows and six hogs since Wednesday night, which means a great deal of work for a fellow who is not accustomed to "chasing" cows.

POWELL SELLS INTEREST.

Will be No Longer Connected With the Gainesville Furniture Co.

C. C. Powell, secretary-treasurer and manager of the Gainesville Furniture Company, upon whom an injunction was served Friday restraining him from further management of the business of said concern, voluntarily relinquished said management, also his official position, and has disposed of his interest in the company to other members of the firm. The adjustment of affairs was a perfectly amicable one.

C. C. Powell, who expects to engage in business elsewhere, will sever his connection, but D. D. Powell will remain with the firm. The business of the firm will in future be under the management of Jas. K. Abrams.

WILL BE MARRIED TODAY.

Two Well Known People Will be Joined Together This Evening.

At the Second Advent Christian Church this evening George Perry and Miss Emma McMillan will be united in the holy bonds of matrimony, Elder Joseph Sherouse of Jacksonville officiating.

The contracting parties are well known and have many friends in this city who extend congratulations in advance.

Mr. and Mrs. Perry will begin housekeeping at once in the home recently erected by the bride, North Grove street, where they will be glad to welcome their friends.

THE YELLOW FEVER.

Six New Cases at Pensacola—New Orleans is Slowly Gaining.

Pensacola, Sept. 23.—There were six new cases reported this morning and the disease is spreading. No deaths. Mayor Bliss says he will prosecute those who keep the disease hidden.

At New Orleans.

New Orleans, Sept. 23.—From 6 p. m. yesterday until noon today, 12 new cases and one death were reported. Total cases to date, 2,774. Total deaths, 360.

Death of Mr. Pellett.

J. D. Pellett, aged seventy-four, died at his home three miles west of the city Saturday. Deceased was a native of Pennsylvania, having been born and reared in Scranton. He came to this State in 1875, and for a greater part of the time has resided in Alachua county. He is survived by four sons, to whom the sympathy of the community is extended.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Fernandina citizens are looking toward Live Oak for the Drew railroad.

St. George, the new colony on St. Mary's river, is to hold a barbecue on October 7th.

Jacksonville and St. Augustine will unite in receiving President Roosevelt, October 21st and 22nd.

Sumter county people object to leasing their convicts, preferring to have them put in their time on the roads. A sensible idea.

Several counties of the State are having trouble in securing school teachers. Manatee and Lake counties are both shy on teachers.

Jacksonville saloons must close at 12 o'clock at night, sharp, says the chief of police, and remain closed until 5 o'clock the next morning.

Jacksonville's new Catholic church, the Church of the Immaculate Conception, is to cost $100,000. It will be of Georgia marble and Gothic style of architecture.

The new editor of The Wildwood News is "catching on" in good shape. He starts an item with "The health of Wildwood is not surpassed by any place in the State."

The carload of negroes detained at Crawford, bound for the East Coast to work on the railroad, were released Thursday. When the train entered the union depot at Jacksonville the bunch was so frightened that not one got out of the cars.

The authorities are doing everything that can be done to ferret out the crime of burning the Goodrich home at Oak Hill on August 14th. Sheriff Turner says he will make every effort to place the crime on the guilty party or parties.—Volusia County Record.

Three young ladies of the Sumterville school and three from Bushnell will hold a debate at Sumter Friday night. The Sumterville girls will contend that we should not have compulsory education in Florida and the Bushnell debaters will give their reasons in favor of it.

Constable Richardson of Marianna went to the farm of Buck Pelt to collect a bill for witness fees. Pelt said he would come to town and pay, which did not satisfy the officer, who started to levy on a mule, when Pelt struck him with a piece of scantling on the head, and then took the insensible officer to town.

A small sloop containing a number of persons who hailed from Biloxi, Miss., was taken into custody at Pensacola Thursday, by the revenue cutter Penrose. The sloop left Biloxi several days ago, and the occupants desired to go to some point up the bay, but as it is against the quarantine regulations to enter port the vessel was taken in charge by the cutter and towed to the quarantine station.

O. H. Smith, a Pensacola druggist, was badly burned by the explosion of a bottle of alcohol in his hands. He had placed some sulphur in a pan for fumigation and during a brief absence the office boy lighted the sulphur. On his return Smith started to pour the alcohol on the sulphur, when it exploded, setting fire to his coat and hat on which the alcohol had spattered. His hands, face and neck were badly burned.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

THE NEWS FROM ARNO.

School Opened With Fine Prospects. Notes of Personal Interest.

Arno, Sept. 23.—Farmers are very busy gathering their corn and cotton. Both corn and cotton crops are below the average this year. The prospects of the cane crop are good. Much fine hay is being saved.

We have another wedding to report this week, the contracting parties being Mr. Lewis of Newberry and Miss Alice Blanton, one of our very finest young ladies. They went to Gainesville to be married on Thursday, and went from there to St. Augustine for a few days.

This place is noted for its pretty young ladies, but they are one by one being taken away. However, there are plenty more coming on.

Miss Rosa May and Miss Ruth McClenney, who were appointed last year to get up money to buy an organ for the Forest Grove school, gave an ice cream festival Friday night at the school house for the benefit of the organ fund, which was quite a success, both socially and financially. They realized $20.25. They now have nearly $40, and will buy the organ at once. Few people appreciate the influence of good music and musical training in the attainment of a good education. Misses Rosa and Ruth deserve much credit for their success. Quite a nice crowd of young people came from Alachua and Newberry to the festival.

Our school is moving out with quite a good prospect for quite a successful term under the guidance of Prof. DeLand and his able assistant, Miss Rosa May. The school is averaging about fifty pupils, and will do better as soon as the busiest cotton picking is over. The patrons with few exceptions are taking unusual interest in the school.

Miss Pearl Osteen is spending this week with her sister, Mrs. W. F. Marlow, at Ocala.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

Ladies Endorse the Change.

One of the boldest and most business-like changes known to the modern advertising and business circles is that recently made by the National Toilet Company of Paris, Tennessee.

It appears that there were one or two articles on the market with names so much like Satinola as to be liable to cause confusion in the minds of purchasers. Satinola has won a national reputation as a remover of freckles, pimples, etc., and as a complexion beautifier, therefore its sterling manufacturers knew that they could not take any chances on the confusion, and at one bold stroke retired the word Satinola, for Nadinola.

That the new name "Nadinola" will soon become popular, and a favorite beautifier with the ladies, is evidenced by the numerous endorsements from grateful women in nearly every State in the Union, who have tested the virtue of this valuable preparation.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Kloss of Edina, Mo. For any disorder of the stomach,

THE GAINESVILLE LIBRARY CONTEST

Kirby Smith Leads With a Good Gain Over the Home.

VOTES MUST BE SENT TO SUN

The Rules Specify the Time That Reports Should be Made—See That Your Votes Are In On Time—Only Two Weeks More of the Contest.

The votes returned in the Library contest show that Kirby Smith Chapter is still in the lead, although some of the places where the Odd Fellows' Home gets a large vote each week have not been reported.

The rules have, in many instances, not been complied with, as they provide that "each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun on Saturday before noon of each week, over his own signature," etc.

The Sun office has been obliged to make several trips each week to many voting places to get the returns, and hereafter no votes will be counted unless returned as stipulated in the rules.

The total vote as received is as follows:

Kirby Smith Chapter	168,257
Odd Fellows' Home	112,459
Earnest Workers	42,787
Union Academy	7,589
High School	5,694

There may yet be a war on trusts. One of the President's best friends has been put out of business by the tobacco trust.

It is stated that Luther Burbank has produced a white blackberry. Nature produced them years ago, as they grew wild in some States for many years.

The Madison Recorder says: "Gilchrist's okra recipe is all right. And that leads us to the conclusion that the DeSoto county statesman would make a better cook than Governor."

Smith day at the Georgia State Fair to be held in Macon will be a hummer, if only one representative of the family from every town in the State is present. But when competition is open to the world, there will sure be a crowd.

The premium lists of the Florida State Fair are being distributed in this county and they show up some excellent prizes to exhibitors. We hope to see this county well represented, and every county in the State should try and get there.

The railroad companies make millions of dollars' worth of improvements every year and we hear of no grafts by contractors or others in connection with the work. The railroads employ men for their ability, not because they have a political pull. The question arises Would the railroads be as well managed if they were under the government's control?

Among the prominent visitors to this city Saturday was Hon. E. S. Crill of Palatka, president of the East Florida Savings and Trust Company, and one of the most conservative financiers and business men in the State. Dr. Crill was treasurer of the State for one term and the affairs of the treasury was kept in a business-like manner. He has numerous friends here who would like to see him occupy the gubernatorial chair, for no man in the State is better qualified for Governor.

The methods of the New York Life Insurance Company would seem to be a Chinese puzzle to many people. The following question is propounded by one of the leading Eastern papers: "In requiring American policy-holders who engaged in the war with Spain to pay an extra premium, while exempting Spanish policies from this additional payment, did the New York Life feel doubts about the quality of American marksmanship? Or did it merely follow the example of the manufacturer who sells his steel rails and sewing machines cheaper in the foreign than in the domestic market?"

TEACHERS SCARCE.

The scarcity of school teachers is what might be expected. The young ladies and gentlemen who study for years to fit themselves to teach a primary school, and become proficient, are getting exceedingly weary of devoting their time to a profession that has mighty little glory and poor pay. With half the effort they take up bookkeeping and stenography, become moderately proficient, starting out to draw a salary of $50 a month, with a chance of a raise as they progress, while they teach in a primary school for $30 to $35 a month, and spend a fourth of their year's salary to keep posted in the new methods of teaching that bob up every year.

Besides all this, the examinations are simply fierce, and how can you expect a young lady of 18 or 20 years to know as much as a Philadelphia lawyer for $25 or $30 a month for seven or eight months in a year and board themselves?

Raise the salary of teachers so they will have a chance to get back a portion of the money they have paid out during the eight or ten years they have been fitting themselves for their work, have a list of questions for examinations that apply to schools and teaching, and not to matters that will never come before the ablest lawyers and judges of the land in the affairs of this country, and you will have all the teachers you want for the country schools.

THE MATURED FAMILY.

In these days when women do not seek to marry, and when men find single blessedness most desirable, says an exchange, the question of how to preserve harmony in the matured family is important. It is a far easier matter to preserve happiness in a growing family which is elastic and buoyant and busy with its own diversions. But with maturity and age each character hardens, the personal tastes and opinions become fixed, and toleration for others is often lacking because each member of the family feels without admitting it that the very existence of the other members limits his or her possibilities. Not only do the members feel this, but it is actually true. As a case in point, one most attractive woman literally and unconsciously lost touch with her friends by surrendering herself to her family. Those who found her most congenial could not find her sisters so, and while year after year, she struggled to retain her friends as well as her family, she could not fail to see the breach widening, when, if she had chosen to live apart from her family, the success she so well deserved would have surely been hers. Her less charming sisters dragged her down, depriving her of the happiness of companionship they could not enjoy.

COVER THE SUBJECTS.

The following concerning one of our former citizens, coming as it does from A. M. C. Russell, county superintendent of the Hernando schools, and who is also editor of The Southern Argus, may be considered a high tribute to the ability of State Superintendent Holloway:

"The Southern Argus acknowledges with pleasure the reception of a full set of questions recently submitted in the examination at Gainesville of applicants for State certificates. We have examined them carefully and find them to be perfectly fair and sufficiently covering the subjects. Superintendent Holloway is conducting his office in an able manner, compelling the praise of opponents as well as friends."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

THOSE CONTRIBUTIONS.

John A. McCall cannot justify the New York Life Insurance Company's contributions to the Republican campaign fund by saying that Judge Parker, when chairman of the Democratic State committee, accepted all the money offered him from whatever source, says The New York World.

Neither can Mr. McCall justify his political use of the policy-holder's money by telling how the Democratic campaign managers dogged his steps in 1904 and made his life weary by soliciting contributions. His testimony is disputed in detail.

Judge Parker says that in 1904, when he was a candidate for President, no money was asked of these insurance companies for the Democratic campaign fund, and it is pretty generally known all over the land that they did not expect it. Although Mr. Roosevelt denied the Republicans receiving any funds from this source, and many innocent voters believed him, it was known at the time of the controversy between Roosevelt and Parker that there was something in it.

SUNSTROKES.

The sensible young woman should marry the man who loves her, and not the one she loves.

In Corea the officials buy their places, the same as they do in civilized America in many instances.

The woman who never sees any good in her husband always gets angry at another woman who can never see any bad in her's.

President McCall, who let the insurance money go without keeping a record of it, is what they called a sound money man in the last National campaign.

Some men have compassion on the opposite sex and marry them, not just because they are rich, but because they dislike to see them become rich old maids.

It is quite evident that something has not been buried deep enough, judging from the odor that permeates the atmosphere as one passes along one of our leading thoroughfares.

An Italian Count has declined a legacy pequeathed by an American woman in Florence. That explains the mysterious cablegram about a "great convulsion of nature" and vindicates Vesuvius.

Chas. Fogle, who stole a watch in New York, and who was tried, the jury failing to agree, was allowed to go free if he would quit New York and go to Chicago. Is Chicago to become New York's Siberia?

An old minstrel man has made the statement that a new joke is a dangerous thing to spring on the stage. He says it may not take. How the mischief most of them can tell is what the people would like to know. It is seldom tried.

DYSPEPSIA

"Having taken your wonderful "Cascarets" for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to "Cascarets" for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

HERBINE
TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Rawlings Given New Trial.

Valdosta, Ga., Sept. 22.—Since the stay of execution in order that their cases may be appealed to the supreme court, J. G. Rawlings and his sons, Milton, Leonard and Jesse, are in a better mood and talk freely of the case. The old man, while asserting his innocence, says he is convinced that Alf Moore and Mitch Johnson killed the Carter children and that Joe Bentley planned it. The younger boys, Leonard and Jesse, the latter condemned to die, are kept apart from their father and older brother. It is thought that Milton and Leonard will eventually tell something about the tragedy in an effort to clear Jesse, and that they will affirm he did none of the shooting.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Big Waste in Cotton Plants.

Atlantic City, N. J., Sept. 23.—At today's session of the New England Cotton Manufacturers' association Eben C. Wiley, of North Carolina, claimed that the loss through waste to a plant using 10,000 bales of cotton annually was 53,000 pounds or a waste of about 14 per cent. Robert Burgess, of Pawtucket, R. I., sounded a warning against extreme high production of cotton. It will, he said, soon force itself as one of the economies that must be taken advantage of.

City Can Inspect Trains.

Atlanta, Sept. 22.—If it desires to do so, Atlanta's board of health may now inspect any passenger trains which come into the city, provided there is no interference with the rules and regulations of the state board of health regarding the quarantine. Secretary H. F. Harris, of the state board, so says in a letter which he addressed yesterday to Dr. C. F. Benson, president of the Atlanta board of health, in which he expresses sorrow "at the turn affairs have taken," and hopes that a mutual understanding between the two boards may be brought about, such as will be conducive to the public good.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

PACKERS HEAVILY FINED.

y of Conspiracy in Accepting Railroad Rebates.

hicago, Sept. 23.—Four officials of Schwartzchild & Sulzberger Packcompany, of Chicago, were fined aggregate of $25,000 by Judge phrey in the United States district here. The fines followed a plea uilty to indictments charging conacy to accept railroad rebates. The ndants were Samuel E. Well, of York, vice president of the com; B. S. Cussey, traffic manager; e D. Skipworth and Charles E. assistant traffic managers. Mr. was fined $10,000, the other three 00 each.

Into the entering of the plea, the aration was made that unless at t one of the cases is immediately ed, the life of Samuel Well, who is president of the company, and is of the defendants, is in jeopardy. is said to be a nervous wreck, and rs were entertained for his life if had been allowed to continue unthe strain of a trial.

he plea was entered, it is declared, r a complete understanding had reached between counsel for the ndants and Attorney General Wilm H. Moody.

While in Chicago, the attorney genl was apprised of the condition of e president Well, and, it is said, reed to the entry of a plea of guilty, h the understanding that the jail vision of the law under which the dictment was returned should be ved, and merely a fine imposed. The e concession was made in the case the other three defendants.

THREE JURORS CURED

Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., tates an experience he had while rving on a petit jury in a murder e at Edwardsville, county seat of lebourne county, Alabama. He says: While there I ate some fresh meat d some souse meat and it gave me olera morbus in a very severe form. was never more sick in my life and nt to the drug store for a certain olera mixture, but the druggist sent a bottle of Chamberlain's Colic, olera and Diarrhoea Remedy inead, saying that he had what I sent r, but that this medicine was so much tter he would rather send it to me the fix I was in. I took one dose of and was better in five minutes. The cond dose cured me entirely. Two llow jurors were afflicted in the same nner and one small bottle cured the ree of us." Montgomery, Ala., Sept. 23.—Mrs. bbette Strauss, 70 years of age, and e of the most highly esteemed wo-en of Montgomery, is dead as the reult of being poisoned by peach preserves. Several other members of the me family were made desperately ill from having partaken of the preserves, but none of the other died.

Young Alabaman Suicides.

Chattanooga, Tenn., Sept. 23.—A special to the News from Huntsville, Ala., says that W. R. Rison was found last night dead in the building of the Rison Bank company, of which his father is president. It is thought to be a case of suicide, although young Rison was in fine spirits when last seen.

Trying to Attract Spaniards.

Panama Sept. 23.—It is reported that President Amador, and the Canal commission are endeavoring to attract Spanish immigrants from the famine-stricken districts of Galicia. They are considered to be the best workmen for the climate of Panama. The Russian colonists at Chiriqui are making good progress.

Burned His Sister to Death.

Marinette, Wis., Sept. 23.—Leon Cramer, 7 years of age, charged with murdering his 6 months-old sister, was placed in jail here. A coroner's jury found that the boy set fire to the bed clothes in the baby's cradle and burned the baby to death. The youngster is supposed to be a pyromaniac. He had started fires several times before.

Beautiful Women.

Rosy cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Atwood, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and

TO FOUND A SAHARAN EMPIRE.

Britain With Millions Proposes to Establish a Kingdom.

the Herald's Tangier correspondent a New York, Sept. 23.—According to passenger on board the steam yacht Honor, who is well acquainted with the plans of Baron Deforest is authority for the statement that under pretext of a hunting trip the baron has prepared an armed exploring expedition to the desert of Sahara, with the support of the British government.

For this purpose they are supplied with 6,000 winchester rifles with ammunition and other material.

It is stated that Baron De Forest intended to found a Saharan empire, believing that his influence and millions would enable him to carry the scheme to a successful issue.

The corresponednt of the Herald at Las Palmas states tthat Baron De Farest, himself arrived there on Sept 18 from Magodor and sailed at midday on September 19, probably to Teneriffe, for dispatches. The baron remained six days at Mogador, and sae carries a crew of 38 men.

The baron and baroness were both on board, together with Mr. Harris, of Tangier, and several distinguished looking Moors.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Railroads Show a Deficit.

The Hague, Sept. 23.—The finance minister, Dr. J. J. f. Harte, of Van Treklenburg, presented to the second chamber of states general today the budge for 1906, showing an estimated deficit of upwards of $4,000,000. The minister said he had not completed the details of his plan to restore the financial equilibrium, but in order to temporarily relieve the budget he proposed to place an additional ten cents tax both on the capital and income.

Skyscraper for Birmingham.

Birmingham, Ala., Sept. 23.—In a few days a charter will be taken out for the 15-story skyscraper to be erected on First avenue and Twentieth street, by J. H. Barr, vice president of the First National baak; Otto Marx and Lucien Brown. Who the principals are has not been divulged, but it has been stated in some quarters that the American Tobacco company would probably be interested.

More Troops for Finland.

Elngfors, Finland, Sept. 23.—A large increase in the number of Russian troops in Finland is expected soon. About 4,500, it is said, will be sent to Helsingfors, 900 to Fiborg, and 500 to Vasa. The troops will be quartered in private houses. An explosion near the reridence of the governor of Vasa yesterday evening created some excitement, but no damage is reported beyond the shattering of the windows of a neighboring house.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Lawyers Charged with Barratry.

Savannah, Ga., Sept. 23.—W. M. Heyward and John E. Myrick, two well known lawyers of Savannah, were indicted by the grand jury on charges of barratry. They were alleged to have been guilty of the solicitation of civil business. Myrick several years ago was a candidate for congress from this district, running on the Republic ticket.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson

Western Union Must Pay Taxes.

St. Paul, Sept. 23.—The state supreme court decided in favor of the state today in the suit of the state of Minnesota against the Western Union Telegraph company. It was a suit to collect on a valuation of the company's property in the amount of $1,000,000. The valuation is based on an assessment upon the company's franchise.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.
